Making Benefit Changes During the Plan Year

The benefit elections you make during your initial enrollment period will be in effect through the end of the plan year which runs from October 1, 2025 – September 30, 2026. If you have a “qualifying life event,” you may make changes to certain benefits if you apply for the change and provide supporting documentation to Human Resources within 30 days of the event. Proof of life events are subject to approval. Please reach out to your employer for specific documentation to be submitted for a qualified life event during the benefit year. Changes are effective prospectively unless the event is for birth, adoption, or placement for adoption.

Benefits for new hires, unless explained otherwise, will become effective on the first of the month following date of hire.

If you do not enroll during your eligibility period, you may enroll at the next open enrollment period.

Termination of Coverage

If you or a covered dependent no longer meet the eligibility requirements or if your employment ceases, your benefits will end.

You are responsible for informing Human Resources within 30 days if any of your dependents become ineligible for benefits.

Benefits can be canceled due to:

- Open Enrollment
- Termination (voluntary or involuntary)
- Retirement
- Qualified Life Event

A Note About Health Care Reform

If you choose to purchase individual coverage through the Marketplace, you should know that because Dunlop Sports Americas' medical insurance meets specific ACA requirements, you may not be eligible to receive a federal subsidy. Additional information is available at www.healthcare.gov.

Domestic Partners

Domestic partners are not generally eligible for continuation of coverage. See your plan documents or contact Human Resources for more information.

Contribution toward the cost of coverage for your domestic partner and his or her dependents is considered taxable income to you.

Domestic partner premiums will either be deducted on a post-tax basis or imputed as income based on the value of coverage. You may wish to consult with a tax adviser for more information.

Enrollment

When Can I Enroll in Benefits?

You can enroll in benefits:

- Within 30 days of first becoming eligible for benefits
- During the annual Open Enrollment period
- During the plan year, if you experience a Qualifying Life Event

How Do I Enroll?

- This is a good time to update your beneficiary for your life insurance, both company provided and voluntary life (if you participate in that plan).
- If you are adding a dependent to any of your plans, make sure you have elected the specific lines of coverage you want for that family member.
- No changes can be made in Paycom after August 29, 2025. The next opportunity to enroll in medical, dental and/or vision coverage will be at the next open enrollment for October 1, 2026 (without an eligible life event).

How a Health Plan Works

Coinsurance

Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the allowed amount for the service. You generally pay coinsurance plus any deductibles you owe. (For example, if the health insurance or plan's allowed amount for an office visit is \$100 and you've met your deductible, your coinsurance payment of 20% would be \$20. The health insurance or plan pays the rest of the allowed amount.)

Copayment

A fixed amount (for example, \$15) you pay for a covered health care service, usually when you receive the service (sometimes called "copay"). The amount can vary by the type of covered health care service.

Deductible

An amount you could owe during a coverage period (usually one year) for covered health care services before your plan begins to pay. An overall deductible applies to all or almost all covered items and services. A plan with an overall deductible may also have separate deductibles that apply to specific services or groups of services. A plan may also have only separate deductibles. (For example, if your deductible is \$1000, your plan won't pay anything until you've met your \$1000 deductible for covered health care services subject to the deductible.)

Evidence of Insurability (EOI)

EOI is an application process through which you provide information on the condition of your health or your dependent's health in order to be considered for certain types of insurance coverage. EOI may be required for life and/or disability insurance elections.

Maximum Out-of-pocket Limit

Yearly amount the federal government sets as the most each individual or family can be required to pay in cost sharing during the plan year for covered, in-network services. Applies to most types of health plans and insurance. This amount may be higher than the out-of-pocket limits stated for your plan.

Dental HMO

With this plan, you'll need to choose a primary care dentist (PCD) who's in our network. Generally, your premiums are lower. There are no deductibles or yearly dollar limits. Referral is needed for specialists. No referral is needed for orthodontists.

Consider a DMO plan if ...

- Your dentist is in our network. Check out our provider search tool on Aetna.com to see if your dentist participates in our DMO plan.
- You expect major dental services, and your dentist is in network.
- The DMO has no lifetime limit for major services.
- The cost is most important — the DMO has lower premiums, and you can end up saving money.

Dental PPO

Your dental plan does NOT require the use of a network dentist. The plan will reimburse dentists at negotiated usual and customary rate that has been set for each dental procedure code. This is referred to as the Maximum Allowable Charge (MAC).

If your dentist charges more than the set reimbursement amounts, you can be balance billed and will be responsible for paying the difference.
