

\$25 Diabetes Medications

Patient Assurance Program Drug List

The Patient Assurance Program helps you pay less for certain diabetes medications and insulins at in-network pharmacies.

About this drug list.

This is a list of the diabetes medications and insulins that are part of the Patient Assurance Program¹ as of July 1, 2026.

- Medications are in alphabetical (A-Z) order.
- Generics are in lowercase letters. Brands are in ALL CAPITAL letters.
- **This drug list changes often**, so it may not show every medication that's part of this program. Your plan may not cover all the medications listed here. Log in to the myCigna[®] app² or **myCigna.com**[®] to see what your plan covers.

Important: Only some diabetes medications and insulins your plan covers are part of the Patient Assurance Program. Check your drug list to see which ones are included.

Save money. Stay healthy.

- Fill a prescription for a medication on this list.³
- Pay no more than:
\$25 for a 30-day supply or
\$75 for a 90-day supply

The company that makes the medication pays the rest.

Using a different diabetes medication?

Call your doctor's office and ask if a medication on this list would work for you. If your doctor agrees, ask them to send a new prescription to your pharmacy.

1. There's nothing to join and no cost to participate in the Patient Assurance Program — it's part of your Cigna Healthcare pharmacy benefit.
2. App/online store terms and mobile phone carrier/data charges apply. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.
3. Only some diabetes medications and insulins your plan covers are part of the Patient Assurance Program. Your plan may not cover all the medications listed here. If you're thinking about switching to one of these medications, log in to the myCigna app or myCigna.com to see the which medications your plan covers and how much they cost. You can also call the number on your ID card to find out.

Cigna Healthcare reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna Healthcare does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna Healthcare may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna Healthcare. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.
